

## Our Inherited Love of Mother Nature

Has bred within our blood and bone the strength to make us a nation of conquerors and the leaders of the world's civilization.

From the dawn of spring until old Jack Frost first covers our land there will be thousands of camps pitched along the pine-clad rivers and lakes of our beloved country. No camping outfit is complete without a case or two of good old

### HENRY DEAHL IN TOWN FROM MANHATTAN

A. H. Deahl, one of the men that made Manhattan famous, arrived from the northern camp last evening. Mr. Deahl is one of the best boosters Manhattan ever had. He has been a resident of the Pine Tree camp for a number of years or ever since it came into the world. He is operating a placer there with satisfactory results, in addition to owning interests in a number of quartz properties. Mr. Deahl was a conspicuous fig-

ure in the early days of the camp. It was he who used to keep a crowd gathered by showing panning from different properties. He was and is a good advertiser. In his opinion Manhattan is one of the best camps in the state and will surprise the natives before a great while.

### G. A. R. VETERAN IN TONOPAH

Henry Marty, a Grand Army of the Republic veteran, residing near Madera, California, arrived in Tonopah yesterday from Salt Lake,

where he was in attendance at the reunion. While here Mr. Marty will be the guest of his sons, Gene Marty, Ben Marty and Emery Marty. He will remain here for several days and will then proceed to Las Vegas to visit his daughter, Mrs. Frank Clark.

## Tonopah Extension Is Feature of Market

The bears had an inning yesterday on the San Francisco stock exchange. Their operations were confined entirely to the Goldfield district evidently. A glance at the market will show that the Tonopah stocks were considerably in demand, causing the local securities to advance substantially, while the Goldfields suffered declines all along with but few exceptions. Booth remained at .13 bid and displayed more strength than the others by a long ways.

Tonopah Mining advanced to \$7 bid, quite a substantial raise from the day previous. Montana-Tonopah advanced a point as did Belmont. Tonopah Extension was in reality the feature of the Tonopah market. It is now listed at 62 cents, the highest it has been for a long time. It will be remembered that the Bonanza predicted a rise in this security some time ago. It certainly looks as if this paper knew whereof it spoke. Jim Butler came in for an advance of 1 point, the others holding their own.

The Goldfield market showed a weakness. Consolidated went down the line 2 1/2 points, while Florence suffered a loss of 5 points. Columbia Mountain declined a notch, while Booth remained as it was the day previous. Atlanta fell off a point. Daisy declining 3 points. Fraction, the exception, advanced one cog.
